I/we would like to be adopted by a member of Davis Lutheran Church!

- a. Please describe some of the interests and activities you have that will help us match you.

- b. Do you have any preferences as to the family / individual you'd like to be matched with?

- c. Is there any additional information about you that might direct the match of a family? For example, you're very allergic to cats, etc.

Thanks again for your participation in this very important program!
